ACCOUNT CURRENT DEPARTMENT.

To—All Deputy Commissioners, Treasury Department of Districts.

No. 1988—730, *dated* 11*th January* 1902.

It has often been noticed that in the case of payments into Treasuries by Public Works Officers there have been differences between the figures shown in the Public Works Accounts as paid into Civil Treasuries and those shown in the Treasury Accounts under Public Works Remittances. The reasons for such differences apparently are either:—

(1) payments or parts of payments shown in the Public Works Accounts as made during a month have not been credited in the Taluk Treasuries during the same month on the score of their having been made after the prescribed date; or

(2) sums remitted by the Public Works Department for credit to particular heads *such* as contribution, etc., have been credited in the Treasuries by mistake to Public Works Remittances and *vice versa*; or

(3) both.

As it is desirable that such differences should be traced and adjusted immediately, the undersigned has the honor to request that Deputy Commissioners, Treasury Department of Districts will be so good as to explain briefly, in the column of remarks of the statement of Public Works Remittances now being sent in monthly with the Treasury Accounts, the cause of the difference with particulars as to amounts, etc.

This information can be easily obtained from the chalans filed in the Treasuries. District Treasury Officers may, however, arrange to get monthly from the Taluk Treasuries, particulars of such of the amounts as have been paid into after the prescribed date.

A statement of such differences from July to November 1901 may kindly be sent in early.

E. R. SUBROYER, *Comptroller.*
